

REMARKS

Applicants' representative met with Examiner Becker on September 10, 2009 in an Examiner's Interview. In that discussion, Applicant's representative and Examiner Becker discussed the background of the invention, proposed claim amendments that appear in this supplemental response, and the cited references of the record. The Examiner stated that the present proposed claim amendment appears to be distinguishable from the cited art of record subject to a further search to ensure the same.

CONCLUSION

Applicants respectfully submit that the application is now in condition for allowance. Applicants encourage the Examiner to contact the undersigned if any issues remain.

Respectfully submitted,

Date: October 8, 2009
